

Covid-19 Exchange Information

Fortunately, the exchange companies adjusted their cancellation policies allowing members to cancel so that they can make travel plans later this year. Some are providing an accommodation certificate that is valid through the end of the year.

Unfortunately, deposits are being denied if the property is closed or the resort is impacted by an Order or Ordinance restricting travel. Exchange companies have temporary cancellation policies posted on their sites for the members to follow.

Please visit the exchange company's website site or contact them directly for updated information regarding any travel plans.
